This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

VELOX FUND

GBP Institutional B (LU2356382072)

is a Sub-Fund of Montlake UCITS Platform (LUX) SICAV

The Fund is managed by Waystone Management Company (IE) Limited acting through its Luxembourg Branch (the "Manager")

OBJECTIVES AND INVESTMENT POLICY

Investment Objective

The investment objectives are to achieve consistent capital growth on low volatility and independent of equity market movements utilising a European based equity long-short strategy (shorting selling is borrowing a security and selling it on the open market with the intention to buy it back later for less money) with a short to medium term trading focus and an investment process that combines ESG integration, fundamental, technical and systematic techniques.

Investment Policy

The Sub-Fund promotes, among other characteristics, environmental or social characteristics, or a combination of those characteristics, provided that the companies in which the investments are made follow good governance practices, and does not have sustainable investment as its objective.

The Sub-Fund will consider ESG factors as part of its investment process. ESG factors include, among others, governance, incentive structures, human capital development, interaction with society, ecological efficiency, product carbon footprint, etc.

Furthermore, the Sub-Fund may actively engage with companies in order to seek to improve their ESG practices in the future.

The screen applied by the Sub-Fund may exclude companies on the basis of the activity from which they generate revenue. The Sub-Fund shall exclude long investments in companies whose business activity involves the following: mining coal or generating power from coal; non-sustainable palm oil; production of controversial weapon systems or their critical components; licensors and producers of tobacco; supply, production or distribution of tobacco; gambling; predatory lending; cannabis; and adult entertainment.

The Sub-Fund may also exclude a company based on other criteria such as involvement in environmental damage, corruption, human rights issues, or labour practices.

In certain industries where the Sub-Fund identifies short interests can encourage better ESG practices, it may engage in short selling.

The Sub-Fund may invest in financial derivative instruments such as futures and options, both for hedging as well as for investment purposes.

The level of leverage is not expected to be in excess of 300% of the net asset value of the Sub-Fund under normal circumstances, but investors should note that higher levels of leverage are possible.

Benchmark

The Sub-Fund is actively managed without reference to any benchmark.

Fund Currency

The reference currency of the Sub-Fund is EUR.

Income

This share class is an accumulating share class.

Investment Horizon

Recommendation: The Sub-Fund is suitable for professional investors seeking long term capital appreciation over a medium to long term investment horizon and who understand and are prepared to accept risks and a low/medium level of volatility.

Subscription and Redemption

You may buy or redeem shares on demand on any bank business day in Luxembourg, Ireland and New York. The price you pay or receive depends on the net asset value of a Sub-Fund share on the next bank business day after your request to buy or to sell.

RISK AND REWARD PROFILE

Lower risk

Higher risk

Typically lower rewards ← → Typically higher rewards

Risk Disclaimer

The risk and reward indicator illustrates where the Sub-Fund is positioned in terms of its possible risk and reward. The higher the Sub-Fund's position on this scale, the greater the possible reward, but also the greater the risk of losing money. Even if the Sub-Fund is in the lowest risk class you can lose money as no investments are entirely risk free. The risk indicator is calculated using historical data and therefore cannot be used as a prediction for the future. The risk classification may change over time.

Why is this Sub-Fund in this category?

The Sub-Fund is subject to a medium/high level of risk as it is exposed to market factors such as global macro-economic trends, currency

fluctuations, interest rates fluctuations, inflation and the performance of issuers of securities. At this time the level of the risk and reward profile is equal to 3.

Are there any other particular Risks?

Currency risk - The shares will be exposed to different currencies and changes in foreign exchange rates could create losses.

Operational risk - Risk of loss resulting from human errors, inadequate or failed internal systems, process or controls or from external events at the Investment Manager, Administrator and other service providers could lead to disruptions of Sub-Fund operations resulting in losses.

Derivatives risk - A derivative may not perform as expected, and may create losses greater than the cost of the derivative.

Counterparty risk - The counterparty to derivatives could become unable to honour its commitments to the Sub-Fund, creating losses for the Sub-Fund.

Full details of the risks the sub-fund is exposed to are provided in the prospectus.

CHARGES

One-off charges taken before or after the investment

Entry charge 0.00%
