

Waystone India Awarded Great Place to Work[®] Certification

March 25, 2026

Waystone, a leading provider of specialist services to the global asset management industry, today announced that it has been Certified[™] by Great Place to Work[®] in India, following outstanding results in the Great Place to Work[®] Trust Index[™] survey.

The certification reflects the strong workplace culture developed by the Waystone India team, with employees highlighting the organisation's support for work-life balance and a fun and inclusive environment. This positive environment plays an important role in the way teams collaborate and deliver their work, reinforcing the high standards Waystone aims to uphold across the business.

Great Place to Work[®] is the global authority on workplace culture, employee experience, and leadership behaviours that drive employee retention and innovation. The Certification[™] is awarded based on what employees say about working at Waystone India in the Trust Index[™] survey conducted by the Great Place to Work Institute, which looks for high standards of employee engagement and satisfaction in areas including credibility, fairness and engagement.

[Amit Rajdev](#), Director of Waystone India commented: *"We are delighted to receive the Great Place to Work[®] Certification. This recognition is especially significant as it reflects the views of our own people. At Waystone, we remain committed to fostering a workplace where colleagues feel supported, respected and genuinely engaged in their work. That culture influences how we operate day to day and is reflected in the way we collaborate and deliver together."*

[Alan Burke](#), Chief People Officer, Waystone, added: *"This certification offers welcome external recognition of something we have long known internally, that Waystone India has created a positive and energising workplace culture and is indeed a great place to work. The growth of the team in recent years has been remarkable, and this achievement reflects the supportive environment they have created. It is rewarding to see this acknowledged by an independent body."*
