

Waystone Philippines Awarded Great Place to Work[®] Certification

April 23, 2026

Waystone, a leading provider of specialist services to the global asset management industry, today announced that Waystone Philippines has been Certified[™] by Great Place to Work[®], following outstanding results in the Great Place to Work[®] Trust Index[™] survey.

The certification recognises the strong workplace culture developed by the Waystone Philippines team. Survey feedback highlighted that a culture of diversity and mutual respect is a defining element of the employee experience, with colleagues identifying this as a key factor in what makes Waystone Philippines a great place to work. This positive and inclusive environment plays an important role in how teams collaborate and deliver for clients, reinforcing the high standards Waystone aims to uphold across its global business.

This recognition follows Waystone's recent Great Place to Work[®] Certification in India, further highlighting the firm's ongoing commitment to fostering a positive workplace culture across its international offices.

Great Place to Work[®] is the global authority on workplace culture, employee experience and leadership behaviours that drive employee retention, performance and innovation. The Certification[™] is awarded based on direct employee feedback via the Trust Index[™] survey, which measures engagement and satisfaction across areas including credibility, respect, fairness, pride and camaraderie.

[Francois Myburgh](#), Director of Waystone Philippines, commented:

"We are extremely proud that Waystone Philippines has been recognised as a Great Place to Work[®]. Our colleagues have been clear that diversity and respect sit at the heart of our culture, and we remain committed to fostering an environment where everyone feels valued, supported and empowered to do their best work."

[Alan Burke](#), Chief People Officer at Waystone, added:

"This certification is well-deserved recognition of the positive and inclusive culture the Waystone Philippines team has built and is especially meaningful because it reflects the voices of our people. Creating an environment grounded in respect, fairness and opportunity is fundamental to our people strategy globally, and it is fantastic to see this reflected so clearly in employee feedback and recognised externally."

About Waystone
